

Action Plan Template

Where do I want to be by the end of this period/year?

What do I want to be doing? (Include as many learning needs as required to achieve agreed objectives)

What do I want/need to learn? Provide a specific description of the desired changes (e.g. skills to gain, knowledge to acquire, topics/themes/content to cover)	What do I have to do to achieve this? Some examples, a new/ongoing course, conference, self-development (like wider research or reading), coaching/mentoring, job shadowing	What resources or support will I need? Some examples, teaching staff support, library support, student advisor support, line manager, etc.	How will I measure success? Some examples, appraisals, course assessments, team feedback, tutor feedback	Target dates for review and completion Note that these need to be realistic/achievable
Cloud Security	Have to undergo CCSP and cloud security certifications.	Online training platforms like acloudguru etc. and Cloud Service Provider specific whitepapers related to the technology & products.	Through peer feedback at the organization and will plan to certify in these areas	February 2024
Containers and Serverless Security	Have to undergo courses – either online or instructor-led	Online training platforms like acloudguru etc, whitepapers, Open-source material etc.	By implementing security controls related to Containers / Dockers in the organization	February 2024
Python scripting	Learn the technology	Online available resources like geeksforgeeks, Udemy etc.	Through implementing automation in some of the projects in the organization for cloud security	April 2024
